Subject
Cancellation of CE-216

Dear Mr. Segaar,

In August 2014 GFO Europe B.V. applied to NMI for approval of its quality system for conformity assessment of gas meter (MI-002) according conformity assessment procedure module D of the Directive 2004/22/EC, current 2014/32/EU.

An initial assessment was performed on 25 August 2014 on the premises of GFO Europe B.V. to verify compliance of the quality system with the criteria of the directive.

On basis of this assessment, NMI approved the quality system with Certification CE-216 on 29 August 2014.

On 11 September 2018, Mr. Arie Lambregtse informed you, that GFO Flow Solutions (former GFO Europe B.V.) cannot continue their Module D approval due to the fact no new appointment can be made for the yearly surveillance.

In reply to the abovementioned, the **board decided to cancel the module D certification CE-216 of GFO Flow Solutions B.V.** According Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, it is not allowed for GFO Flow Solutions B.V. to place instruments on the market with reference 0122 to the CE marking after 28 September 2018.

If you have any questions, please do not hesitate to contact me.

With kind regards,
NMI Certin B.V.

C. Oosterman
Head Certification Board
