Subject  
Cancellation of CE-069

Dear Mr. Schermer,

Begin 2007 Tokheim Netherlands B.V. applied to NMI for approval of its quality system for conformity assessment of measuring systems for continuous and dynamic measurement of quantities of liquids other than water (MI-005) according conformity assessment procedure module D of the Directive 2004/22/EC, current 2014/32/EU.

An initial assessment was performed on 23 January 2007 on the premises of Tokheim Netherlands B.V. to verify compliance of the quality system with the criteria of the directive. On basis of this assessment, NMI approved the quality system with Certification CE-069 on 3 April 2007.

On 1 April 2018, Mr. Ed van Dijk informed you, that TSG Netherlands B.V. cannot have the CE-069 module D certificate on its own name. The reason for this is that the CE-069 certificate belongs to Tokheim Solutions Netherlands B.V. which is another legal entity and a manufacturer of liquid measurements installations (self-service device). TSG Netherlands B.V. is not a manufacturer of self-service devices and also not a manufacturer of liquid measurements installations. Therefore, the certificate cannot be transferred from Tokheim to TSG Netherlands B.V.

In reply to the abovementioned, the **board decided to cancel the module D certification CE-069** of Tokheim Solutions Netherlands B.V. According Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, it is not allowed for Tokheim Netherlands B.V. to place instruments on the market with reference 0122 to the CE marking after 8 May 2018.

If you have any questions, please do not hesitate to contact me.

With kind regards,  
NMI Certin B.V.

  
C. Oosterman  
Head Certification Board
