Subject
Cancellation of CE-167

Dear Mr. Garnier,

On November 2011, Enerdis s.a.s., France applied to NMI for approval of its quality system for conformity assessment of Active electrical energy meters according conformity assessment procedure article 9 of Directive 2004/22/EC. An initial assessment was performed on 25 November 2011 on the premises of Enerdis s.a.s., to verify compliance of the quality system with the criteria of the directive. On basis of this assessment, NMI approved the quality system with Certification CE-167 on 1 February 2012.

On 13 November 2017, we received an email and a corresponding letter from you in which you informed us that you are phasing out the Ulys MD65-M MID meter from Acean and therefore you wish to end your CE-MID certification as from this date.

Due to this fact, the **certification board of NMI Certin B.V. decided to cancel the certification CE-167 of Enerdis s.a.s.** According Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision Enerdis s.a.s. is no longer allowed to place instruments on the market with reference 0122 to the CE marking after 27 December 2017.

If you have any questions, please don't hesitate to contact me.

With kind regards,
NMI Certin B.V.

C. Oosterman
Head Certification Board
