Withdrawal CE-173

Dear Mr. Lena,

In 2014 Greiner S.p.A. applied to NMI for approval of its quality system for conformity assessment of Water Meters according to conformity assessment procedure module D of the Directive 2014/32/EU. An initial assessment was performed on 16 December 2014 at the premises of Krohne Altometer B.V., the Netherlands to verify compliance of the quality system with the criteria of the directive. On basis of this assessment NMI approved the quality system with certification number CE-173 on 22 December 2014.

On 16 May 2022 you have sent an email to us with the note that you have no intension to renew your module D certification due to the fact that the activity no longer is executed at your company.

Therefore, with this letter we would like to inform you that your module D certification with number CE-173 will be withdrawn as of 9 July 2022.

According to Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

If you have any questions, please don't hesitate to contact Mr. Schmidt, Manager Certification Board.

With kind regards,
NMI Certin B.V.
