Subject
Cancellation of CE-244

Dear Mr. Borgatti,

In 2016 5.9 S.r.l. Care Weighting System applied to NMI for approval of its quality system for conformity assessment of non-automatic weighing instruments according conformity assessment procedure D of the Directive 2014/EU/31. An initial assessment was performed on 29 January 2016 at the premises of 5.9 S.r.l. Care Weighting System to verify compliance of the quality system with the criteria of the directive. On basis of this assessment, NMI Certin B.V. approved the quality system with Certification CE-244 on 1 March 2016.

On 10 January 2020, you have sent us an email in which you state that you will not renew your Module D certificate on 1 March 2020 and therefore you would like to withdraw the CE-244 certificate.

In reply to the abovementioned, the **board decided to cancel the certification CE-244 of 5.9 S.r.l. Care Weighting System**. According Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, it is not allowed for 5.9 S.r.l. Care Weighting System to place instruments on the market with reference 0122 to the CE-marking after 1 March 2020.

If you have any questions, please do not hesitate to contact me.

With kind regards,
NMI Certin B.V.

E. van de Graaf
Managing Director
