Subject
Cancellation of CE-314

Dear Ms. Sun,

In 2018 ZTE Corporation applied to NMI for approval of its quality system for conformity assessment of active electrical energy meters according to conformity assessment procedure module D of the Directive 2014/32/EU. An initial assessment was performed on 14 and 15 May 2019 on the premises of Huizhou HaoNingDa Technology Co., Ltd. Longshan 7th Road, Daya Bay Economic and Technological Development Zone, Huizhou City Guangdong Province P. R. China to verify compliance of the quality system with the criteria of the directive. On basis of this assessment NMI approved the quality system with Certification CE-314 on 23 July 2019.

In June 2020, we send you an invoice regarding the payment of the upcoming audit. In September 2020, we sent you a reminder to pay for the outstanding invoices. After this reminder several more reminders were sent to your company. Unfortunately, we still have not received any payment from you.

Therefore, the **Certification Board of NMI Certin B.V. decided to cancel the certification CE-314 of ZTE Corporation.** According to Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, it is not allowed for ZTE Corporation to place instruments on the market with reference 0122 to the CE marking after 9 June 2021.

If you have any questions, please do not hesitate to contact me.

With kind regards,
NMI Certin B.V.

M.Ph.D. Schmidt
Manager Certification Board
