Subject  
Cancellation of CE-182

Dear Mr Frank,

On 12 February 2010, Elster GmbH applied to NMI Certin for approval of its quality system for conformity assessment of Volume Conversion Devices according conformity assessment procedure D of the Directive 2004/22/EC. An initial assessment is performed on 25 January 2012 at the premises of Elster GmbH to verify compliance of the quality system with the criteria of the directive. On basis of this assessment NMI approved the quality system with Certification CE-182 on March 26, 2012.

In your letter of 1 March 2012 you indicate that the production is moved to another location and therefore request to cancel the above mentioned certification per 1 March 2013.

In reply to your request, the **board decided to cancel the certification CE-182 of Elster GmbH per 1 March 2013**. According Annex D item 7 of the directive, NMI Certin shall inform its authorities and ask them to inform the Member States of the EU about its decision. To appeal to this decision I refer to our appeal procedure, available on our website [www.nmi.nl](http://www.nmi.nl).

As result of this decision it is not allowed for Elster GmbH to place instruments on the market with reference 0122 to the CE marking after 1 March 2013.

With kind regards,  
NMI Certin B.V.

  
C. Oosterman  
Head Certification Board
