Subject
Cancellation of CE-093

Dear Mr. Korosi,

In January 2008 S.C. AEM S.A., Romania applied to NMI for approval of its quality system for conformity assessment of measurement systems for gas meters (MI-002) and later also Active Electrical Energy Meters (MI-003) according to conformity assessment procedure module D of the Directive 2004/EC/22, later Directive 2014/32/EU.

An initial assessment was performed on 6 February 2008 on the premises of S.C. AEM S.A. to verify compliance of the quality system with the criteria of the directive.
On basis of this assessment, NMI approved the quality system with Certification CE-093 on 14 April 2008.

You informed our lead assessor, Mr. Yvo Vermeul, that, as of January 2024, your factory is no longer operational and that all activities have been shut down. For this reason, no audit can take place and it's not possible anymore to maintain your module D activities.

In reply to the abovementioned, the board decided to cancel the module D certification CE-093 of S.C. AEM S.A., Romania. According to Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, it is not allowed for S.C. AEM S.A. to place instruments on the market with reference 0122 to the CE marking after 18 July 2024.

If you have any questions, please do not hesitate to contact me.

With kind regards,
NMI Certin B.V.

M.Ph.D. Schmidt
Head Certification Board
