Dear Ms. Liu,

In July 2012 Kingship Weighing Machine Corporation, Taiwan applied to NMI Certin B.V. ("NMI") for approval of its quality system for conformity assessment of measurement systems for non-automatic weighing instruments according to conformity assessment procedure module D of directive 2009/23/EC, later changed to Article 13 of directive 2014/31/EU.

An initial assessment was performed on 30 October 2013 on the premises of Kingship Weighing Machine Corporation, Taiwan to verify compliance of the quality system with the criteria of the directive. On basis of this assessment, NMI approved the quality system with Certification CE-194 on 8 November 2013.

On 24 April 2024 we received an email in which you informed us that you have decided not to continue with NMI as your Notified Body for module D certification services.

In response to the abovementioned, the Certification Board decided to cancel the module D certification with number CE-194 Kingship Weighing Machine Corporation, Taiwan. According to Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, it is not allowed for Kingship Weighing Machine Corporation, Taiwan to place instruments on the market with reference 0122 to the CE marking after 31 May 2024.

If you have any questions, please do not hesitate to contact us.

With kind regards,
