Subject
Withdrawal of CE-304

Dear Mr. Waheed,

In the first quarter of 2019 Saudi Meters Company applied to NMI Certin B.V. ("NMI") for approval of its quality system for conformity assessment of measurement systems for water meters according to conformity assessment procedure module D, Article 17 of directive 2014/32/EU.

An initial assessment was performed on 12 March 2019 on the premises of Saudi Meters Company to verify compliance of the quality system with the criteria of the directive.
On basis of this assessment, NMI approved the quality system with Certification CE-304 on 15 March 2019.

On 1 August 2024 we received an email in which you informed us that you have decided not to continue with NMI as your Notified Body for module D certification services due to the lack of placing instruments on the market with reference to module D.

In response to the abovementioned, the Certification Board decided to cancel the module D certification with number CE-304 of Saudi Meters Company, Saudi Arabia. According to Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, it is not allowed for Saudi Meters Company to place instruments on the market with reference 0122 to the CE marking after **7 October 2024**.

If you have any questions, please do not hesitate to contact us.

With kind regards,

Head Certification Board
