Subject  
Cancellation of CE-370

Dear Mr. Melnyk,

In the first quarter of 2022 Gilbarco Veeder–Root, India applied to NMI for approval of its quality system for conformity assessment of measurement systems for Measuring systems for the continuous and dynamic measurement of quantities of liquids other than water (MI-005) according to conformity assessment procedure module D of the Directive 2014/32/EU.

An initial assessment was performed on-line on 19 May 2022 to verify compliance of the quality system with the criteria of the directive.

On the basis of this assessment, NMI approved the quality system with Certification CE-370 on 21 July 2022.

On 24 April 2024, you send us an email in which you informed us that you have no planned EU or Turkey sales for the India built dispenser and haven't shipped any in the recent years and therefore you would like to cancel your module D certification.

In reply to the abovementioned, the Certification Board decided to cancel the module D certification with number CE-370 of Gilbarco Veeder–Root, India. According to Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision and as a result of the expired certificate, it is and was not allowed for Gilbarco Veeder – Root, India to place instruments on the market with reference 0122 to the CE marking after 30 April 2024.

If you have any questions, please do not hesitate to contact me.

With kind regards,  
NMI Certin B.V.

Head Certification Board
